Kinase Biology and Technology Workshop

December 2nd 2019 12.30-7PM
Francis Crick Institute
London

December 2nd 12.30-17.30PM

Welcome	*12.30-12.40*
Platforms	12.40-14.40

Expression profiling	Friedrich Reinhard (Cellzome)
Activity profiling	Riet Hilhorst (PAMGENE)
Sensors of activity states	Richard Bayliss (Leeds)
Improved bumped inhibitors	Jo Redmond (GSK)

Coffee Break	*14.40-15.10*
Properties	15.10-17.40

Phosphoproteomics	Pedro Cutillas (QMUL)
Kinase substrate identification	Silvia Martini (Crick)
Kinase assemblies in vivo	Marisa Martin-Fernandez (STFC)
Analysing Pseudokinases	Pat Eyers (Liverpool)
Bumped ATP screening	Sila Ultinar (Crick)

Networking drinks	*5.30-7PM*
